SKILLS

- Python
- Java
- C/C++
- HTML/CSS
- JavaScript
- Git & GitHub
- DSA
- Keil
- Problem Solving

LANGUAGES

- English (Fluent)
- Spanish (Intermediate)
- Hindi (Fluent)
- Bengali (Fluent)

PROFILE

CSE student at VIT Vellore with strong foundations in Data Structures and Algorithms, Python, Java, C, and C++. Hands-on experience in web development, databases, and IoT through academic and personal projects. Strong problem-solving mindset with an interest in software development and emerging technologies.

PROJECTS

CampusTrace

- Developed a responsive web application to streamline campus lost-and-found management.
- Implemented user authentication interfaces, item reporting, search and filtering, claim workflow, and an admin dashboard.
- Designed to improve item tracking and simplify the recovery process for students and administrators.

Smart Water Tank Monitoring

- Developed an ESP32 IoT solution with automatic pump control, relay integration, sensors and alerts.

Formula 1 Driver Standings Dashboard

- Developed a responsive frontend dashboard displaying Formula 1 driver standings from 2020–2025.
- Implemented season-wise navigation, dynamic data rendering, and interactive UI components using JavaScript.

Ad Budget Optimization

- Implemented Knapsack algorithm for efficient budget allocation.

EXPERIENCE

Handshake AI

2026 - present

AI Agent Task Developer

- Designed challenging command-line tasks to evaluate AI agents' terminal navigation, code execution, debugging and problem-solving capabilities.
- Analyzed AI failure cases to identify failure patterns, root causes, and task conditions that led to incorrect or incomplete outputs.
- Developed targeted prompts and edge-case scenarios to systematically test and expose weaknesses in AI agent performance.

Youtube

2024-2026

YouTube GenAI Beta Tester

- Evaluated pre-release YouTube GenAI features across diverse use cases, assessing functionality, usability, and overall user experience.
- Delivered structured feedback and identified usability issues and performance gaps to support feature refinement and product development.

EDUCATION

Bachelor of Technology (B.Tech)

Computer Science & Engineering | Vellore Institute of Technology, Vellore

2024 - present

CGPA : 8.38

Higher Secondary Education

Sri Chaitanya School

2022 - 2024

CGPA : 8.1

Secondary Education

Stephen's School

2021 - 2022

CGPA : 9.1
